In 2009, the city of Tetovo and the French Alliance are committed to a project for the built heritage.

In the framework of a joint project initiated in 2008, the city of Tetovo hosted two students, Spanish and French, between July and September 2009.

This academic exchange permitted to complete the study of tourism development. It was also an opportunity to establish an inventory of the cultural heritage of Tetovo. Macedonian experts and ANVPAH & VSSP were solicited to develop the methodology of this inventory.

At this time, 20 to 30 houses are already protected by the National Conservation Centre in Skopje.
