Secteur Sauvegardé et Protégé**

The ANVPAH & VSSP and the Association of Historic Towns of Macedonia wish to develop and strengthen the actions begun in 2011. The aim is to start the inventory in several Macedonian cities and strengthen the capacities of the Association of Historic Towns of Macedonia.

During this mission, held from March 4 to 10, 2012 in partnership with Basse-Normandie, a delegation of ANVPAH & VSSP accompanied by a heritage architect visited Veles, Stip and Kumanovo in order to start work on the ground. Through documentary research carried last year, the architects of each city can begin the work of knowledge of an island determined by the city. The French delegation accompanies in this process, particularly on the methodological aspect of this work.

In partnership with the Association of Historic Towns of Macedonia, a process of reflection on the Macedonian heritage legislation has been started and will continue throughout the year.
