Traveling Seminar in France, 2008

- Projects - India - Indo-French cooperation on heritage planning -

Date de mise en ligne : Wednesday 26 June 2013

**Association Nationale des Villes et Pays d'Art et d'Histoire et des Villes à
Secteur Sauvegardé et Protégé**

Organized closely with the France-UNESCO Convention, the seminar "The heritage at the heart of urban development policies" aimed to observe the policies and tools for preservation and promotion of heritage in French cities, their integration into urban planning and, more broadly, the tools of management and urban development.

Indian delegation in Paris (Marais)

The Indian delegation was composed of representatives of the Indian cities that as Ahmedabad, Bangalore / Hampi, Burhanpur, Gwalior, Indore, Maheswar, Pondicherry, Srinagar, Ujjain.

Thus 20 elected representatives and technicians of Indian communities participated in this traveling seminar which helped to address many issues on urban heritage from diverse case studies and testimonials from actors, elected representatives, technicians, experts highlighting the cross and multi-partnership approach of management heritage and providing directions for work relevant to future programs on investigative methods and tools for heritage policies.

Close links have been forged between communities who have expressed a mutual interest in working in decentralized cooperation. Following this seminar, cities and networks have decided to draft a joint statement sealing their commitments.
